

The Front Range Alumnus Chapter
of The Tau Beta Pi Association
Meeting minutes for
August 2, 2012

- Members discussed ideas for Chapter goals: social networking or community service.
- It was suggested that we contact soon-to-be graduates, in person, at their last collegiate meetings and invite them to join an Alumni Chapter.
- Several members will look into ways that Alumni can volunteer in primary and secondary schools.
- It was suggested that we link up the Alumnus Chapters to share ideas
- It was decided that an introductory e-mail be sent out to the newly pulled alumni e-mail addresses(Northern metro area) to gauge interest in joining the chapter before holding a social event.
- Michael Pierce gave a presentation on a modified geothermal power generation system.
- Next meeting decided to be in Wyoming.
