

The Front Range Alumnus Chapter
of The Tau Beta Pi Association
Meeting minutes for
September 6, 2012

- A trial run of the membership interest survey was sent out to southeastern Wyoming alumni. Of 139 e-mails sent, 63 bounced and 6 responded. The survey will now be sent out to Northern Denver Metro alumnus in batches.
- Possible social events were discussed for future gatherings. Suggestions included attending a hockey or baseball game, technical brewery or meadery tours and a rafting trip in the spring.
- Guest lecturers are needed for CU Boulder lunch seminars, and University of Wyoming.
- Skills USA of Wyoming is looking for volunteers to talk about their technical careers to high school students at the fall and spring conferences (skillsusawyoming.org).
- Rob Streeter gave a talk on his fly eye sensor used to measure wing deflection.
- Next meeting will be held on the DU campus to polish their bent.
