FRONT RANGE TAU BETA PI

ALUMNI CHAPTER

MEETING MINUTES

JUNE 19, 2014

The regular meeting of the chapter was held at CB Potts in Westminster, CO on June 19, 2014 starting at 7:00 PM. Three members were in attendance. The meeting was lead by President Brian Pals. Of particular note is that our Vice President, Eric Paquette, will represent our chapter at the National Convention in Spokane, WA in October. He will be our voting delegate at the convention.

On a national note, the following items were presented:

- 25 Fellows were announced last month. They will receive $10,000 for a year of graduate school.
- The announcement of 242 Scholars will be coming out later this month. They will receive $2,000 for their last year of undergraduate study.
- The number of active alumni chapters has risen to 39, which includes your neighbor Pikes Peak Alumni Chapter to the south in the Springs area. That chapter was officially installed in March.
- If you are sending out an email to your members, remind them to check out member benefits at www.tbp.org, which include a job board, hotel discounts, moving discounts, and other benefits. Also if they are on LinkedIn, they can join the overall "Tau Beta Pi Engineering Honor Society" group.

Upcoming social events include the Denver Museum of Nature and Science on July 16 and 23. Diane Hildebrand is coordinating this. Other events include a tour of the Laboratory of Atmospheric Science Physics, Coors Brewery, and the National Renewable Energy Laboratory. More details will be coming.

All the collegiate chapters are on break for the summer. Activities will resume in the fall.

The Treasurer's report was that we have $178.36 in our account. Dues are now due. Members may pay directly to Wes Munsil or through PayPal. Please go to the website for more details.

The new officers have begun their duties. Please see the April minutes or the website for a list of the officers.

Next meeting is tentatively set for August 14, 2014.

Respectfully submitted by Brian Pals, President
